Attention John Perkins

Dear John,

Thank you for forwarding Bring Back Brookes Jetty Initial Business Case. You and your team have put forward a compelling and cogent document. I fully support your intentions to reach the best possible outcomes for this historically valuable site.

Whilst MRA has provided several options, I believe your document explores greater alternatives that could and should be considered. As you have outlined that in its current state it is an annoying eyesore that begs for restoration and beautification that will benefit one of Melbourne's most visited areas.

Once again, I fully support your endeavours and will make myself available to assist in any way possible.

I look forward to working with you and your team to achieve the best possible result.

Yours sincerely

Kevin Donovan
